### Legend

-  Indicates record was set during the most recent USATF Region 4 Junior Olympic Track & Field Championships
-  Indicates previous record was tied during the most recent USATF Region 4 Junior Olympic Track & Field Championships

All distances and heights are measured in meters and centimeters, rounded down to the nearest centimeter.

All running events 200m or less, and all horizontal jump field events, require a wind gauge reading. For a performance to be record-eligible, a wind gauge reading of 2.0m/s or less is required. Any performance exceeding 2.0m/s is not eligible for a record. Performances without a valid wind gauge reading, that otherwise might be a record, are noted as a **Notable Performance**.
